March 2, 2010

To Whom It May Concern,

The Florida State Beekeepers Association Board of Managers has voted unanimously at its meeting on March 2, 2010 to support both Florida Senate Bills 1900 and 2376. These contain provisions which will enable beekeepers to process and sell their honey in local markets. They are considered vital if the Florida Beekeeping Industry is to maintain its integrity and viability in the future. Thanks for supporting Florida's beekeepers and in the process ensuring an adequate supply of honey bees for pollination of both wild and cultivated plants in the Sunshine State.

Sincerely,

Tommy Duggar
President
